- No, I do not have a Fellows Team

How and when will you be engaging the community? *

I will be creating a Facebook page. To share resources, this week, sometime soon a #dontdodrug campaign, as a sober person.

What people do we need at the table? When will you reach out to them? *

I need to get in contact with DARE I think is the program, or find a like source that is currently running #dontdodrug campaigns.

Which groups, organizations, community members will you focus on? (we'll use this list for next week). *

OFA, Moms Demand, Brady Campaign, then Segway to a #dontdodrug campaign. Leaving my former campaign #bloggingcampaign for them. I'll need to make a new group page on Facebook and add materials to it.

What are your next steps? *
